### ADRIA

Produkta kods: ADRIA

The BLANCA line is specially designed to work with total safety and comfort in humid environments or on slippery surfaces, where water and humidity are dangerous and constant factors, thanks to materials such as the HIGH DRY® lining, which isolates from water, cold, and from heat, shock-absorbing polyurethane soles with non-slip rubber reinforcement, with channels that help evacuate liquids out of the sole, breathable and waterproof cuts and textiles with MICRO® technology, etc.

- Waterproof microfiber upper
- Fiber glass, compact non-metallic toe cap
- Anti-slip sole (double density EVA and Nitrile Rubber) resistant to oil and fuel
- Enforced with the TOP GRIP system – Super-slip sole with special pattern which greatly exceeds values required by the standard
- DUAL COMFORT system combines two densities and provides maximum cushioning and stability
- Antistatic shoes
- Shock absorbing heel with cushioning gel base
- Knitted textile lining with high resistance to abrasion

- CE Certified
- S2 SRC (EN ISO 20345:2011)
