SAFETY GLASSES 590-G

Produkta kods: 590-G

- The 590-G grey spectacles are designed to provide effective protection against low-energy, high-velocity particle impacts, including small flying debris such as wood, metal, and plastic chips, as well as twigs and branches from gardening machinery. They also offer excellent protection against solar radiation, shielding the wearer from direct sunlight. The goggles' design minimizes lateral vision restrictions, and their optical class and lightweight construction ensure long-term comfort. Recommended for outdoor work in high-intensity conditions to reduce eyestrain.
- The eyepiece is made of grey polycarbonate with a fixed-width bridge and integrated nose pads. The spatula-type temples are also crafted from grey polycarbonate.
- Scratch resistant polycarbonate for increased durability
- Protection against hazard of impact from high-speed and low energy particles
- Available in 3 different lens colors
- Spatula type temples
- Ergonomic design
- Lightweight frame

- CE and UKCA Certification
- EN 166:2001 (personal eye protection)
- EN 172:1994/A1:2000+A2:2001 (sunglare filters for industrial use)
- Regulation (EU) 2016/425
