SHOCK-RESISTANT CAP GN002

Produkta kods: GN002

- The shock-absorbing cap is made from durable polyamide and features a PE inner protective layer along with cushioning padding. It provides optimal protection by conforming to the shape of the top of the ear. The highly breathable interior is equipped with an indirect ventilation system. Additionally, the cap includes a protective pad and a reflective band for enhanced visibility. Two adjustable back straps with a Velcro system allow for a customizable fit, with an opening range of 56 to 59 cm.
- One size: 54-59 cm
- Adjustable with velcro strap
- ABS plastic shell with soft internal and external padding for shock absorption
- Equipped with reflective band
- Material: Polyamide, PE
- Weight: 165 g

- CE Certified
- EN 812:1998 (industrial bump caps)
