SOCKS 02

Produkta kods: S02

Safety footwear achieves its greatest functionality when combined with other protection elements, multiplying comfort and its protection characteristics, and reducing the chances of suffering accidents at work. Even the most advanced footwear improves with the right accessory. Antistatic, bactericidal and fungicidal socks offer everything you need to enhance the effectiveness of safety footwear in protecting your feet.

- Vertical elastic bands for a correct support of the sock
- Natural cotton fiber fabric, anti-allergic and breathable
- Special mesh to facilitate flexion of the foot
- Denser heel area thanks to a double yarn for greater resistance and greater elasticity
- Antistatic zone to avoid the accumulation of static electricity
- Composition: 67% Long-fiber Combed Cotton, 18% Polyamide, 6% Lycra, 9% Elastane
- Innovative design
- Maximum comfort
- High moisture absorption power

- CE Certified
