- Hygiene Line – safety shoe range is specifically designed for use in the agri-food, catering, and healthcare sectors. Made from high-quality, waterproof, washable, and breathable materials, these shoes ensure durability and comfort. They feature a composite toe cap with high compression resistance, offering maximum lightness without compromising protection. The single-density polyurethane sole provides excellent grip, while the shock-absorbing heel enhances comfort. With superior flexibility, lightness, and comfort, the Hygiene Line safety shoes are the ideal choice for demanding work environments.
- Water-repellent microfibre upper
- BIFRESH PLUS 3D lining with high breathability and top abrasion resistant Composite ITSAFE toe cap, impact resistant up to 200 Joule. Non-magnetic, thermal insulating, reduced thickness, 50% lighter than steel toe cap
- Shock absorbing heel
- Antistatic shoes

- CE Certified
- S2 SRC (EN ISO 20345:2011)
