741 FULL FACE MASK (CLASS 3)

Produkta kods: 741FFM

- The 741 full-face mask is designed for marine and industrial users who require dependable respiratory protection in contaminated environments where oxygen levels exceed 19.5%. Constructed from thermoplastic elastomer and equipped with a Class 1 panoramic visor, the mask provides high-impact resistance and excellent visibility. It features a 5-point harness system for a secure and comfortable fit, and it is compatible with the full range of 725 filters via a standard EN 148 1 (Rd40) thread connection.

Key Features:

- **Durable Construction:**
  - Thermoplastic elastomer facepiece for flexibility and long-term durability
  - Class 1 polycarbonate visor, impact- and scratch-resistant
  - Designed for general use in marine and industrial operations
- **Ergonomic Fit:**
  - 5-point harness for optimal adjustment and facial seal
  - Lightweight design (435g) for extended comfort during prolonged use
- **Versatile Protection:**
  - Compatible with 725 filters (gas, particle, or combined)
  - EN 148 1 (Rd40) thread connection allows quick and secure filter changes
- **Performance:**
  - Suitable for use in environments with oxygen levels >19.5%
  - Class 3 full-face mask with Class 1 visor protection (impact rating F)

Technical Specifications:

- Material: Thermoplastic elastomer (facepiece), polycarbonate (visor)
- Weight: 435g
- Filter Interface: Standard EN 148 1 (Rd40) thread
- Compatible Filters: Model 725
- Protection Level: Class 3 full-face mask with Class 1 visor

- CE Certified
- Conforms to EU Regulation 2016/425
- Standard: EN 136:1998
- Standard: EN 166:2001
- Standard: EN 148-1
