

JŪRAS UN DARBA APĢĒRBS ► ЗАЩИТА ОТ ПАДЕНИЯ

ATLAS – DIELECTRIC

Produkta kods: FPAE

- Personal protective equipment designed for all types of work at height, offering fall arrest, positioning, and suspension capabilities. The harness features dielectric protection, making it suitable for environments with electrical hazards.

Key Features:

- **Fall Arrest (EN 361:2002):**
Dorsal and sternal anchoring points for secure fall protection.
- **Work Positioning (EN 358:1999):**
Two folding side positioning buckles ensure stability during tasks.
- **Suspension Work (EN 813:2008):**
Ventral anchor point for effective load distribution during suspension work.
- **Dielectric Protection:**
All buckles are coated with dielectric material, suitable for electrical hazard environments.

Comfort & Durability:

- Quick-release buckles on waistband, leg loops, and chest
- Padded waist and leg loops for extended comfort
- 3 rigid material-carrying rings for tool management

Technical Specifications:

- Weight: 2.400 kg
- Max User Weight: 140 kg
- Size Range: Universal
- Useful Life: 15 years from manufacturing date

- CE Certified
- EN 361:1999
- EN 358:2002
- EN 813:2008
