## CONNECTOR PCX-002

Produkta kods: SCPCX002

- The PCX 002 Aluminum Connector is a lightweight, pear-shaped connector designed for marine and offshore professionals requiring frequent and secure connections. Its automatic locking system ensures safety and efficiency during tasks such as rigging, maintenance, and inspections in challenging maritime environments.

### Key Features:

- **Automatic Locking Mechanism:**  
Features an automatic closure with a quick-release system that requires two deliberate actions—push and rotate the safety cap—to open, preventing accidental disengagement.
- **Lightweight and Durable Construction:**  
Manufactured from high-strength aluminum alloy, providing excellent mechanical properties and resistance to corrosion in harsh marine conditions.

### Technical Specifications:

- Material: Aluminum
- Opening Diameter: 19 mm
- Weight: 82 g
- Breaking Strength: 23 kN
- Useful Life: 10 years from manufacturing date; 5 years from first use

- CE Certified
- Conforms to EU Regulation 2016/425
- Standard: EN 362:2004
