LANYARD ELEMENTS 39

Produkta kods: L39

- The Lanyard Elements 39 is a fall arrest lanyard designed for marine and offshore professionals working at height. It integrates a high-strength polyamide rope lanyard and is equipped with two connectors to ensure maximum safety during tasks such as maintenance, inspections, and rigging in challenging maritime environments.

Key Features:

- **Integrated Lanyard:** Equipped with a 14 mm diameter polyamide rope, offering excellent tensile strength and durability.
- **Connectors:**
 - Connector Model 30: Symmetrical steel connector with manual threaded locking, 18 mm opening.
 - Connector Model 31: Directional steel connector with automatic locking system, 54 mm opening.
- **Length:** Total length of the assembled unit is 1.5 meters, including connectors.
- **Weight:** Approximately 1.2 kg, ensuring ease of use without compromising strength.
- **Service Life:** Theoretical service life of 15 years from the date of manufacture.

Technical Specifications:

- **Material:** Polyamide rope.
- **Connectors:** Steel connectors with specified locking mechanisms and opening diameters.
- **Breaking Strength:** Connectors rated at 23 kN minimum breaking loads.
- **Maximum Permissible Length:** 1.5 meters, including lanyard and connectors.

- CE Certified
- Conforms to EU Regulation 2016/425
- Standard: EN 354:2010
