ROTA COMFORT

Produkta kods: FPRK

- Designed for marine and offshore personnel working at height, the Rota Comfort Full Body Harness ensures dependable fall protection and secure positioning during vessel maintenance, rig access, and elevated deck operations. Engineered for daily use in harsh environments, it combines rugged performance with comfort-focused features to reduce fatigue and improve mobility.

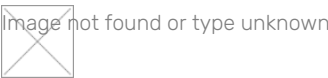

Key Features:

- **Fall Arrest (EN 361:2002):**
Dorsal and sternal anchoring points for secure fall protection.
- **Work Positioning (EN 358:1999):**
Two folding side positioning buckles ensure stability during tasks.
- **Comfort & Durability:**
 - Quick-release buckles on waistband, leg loops, and chest
 - Padded waist and leg loops for extended comfort
 - Two rigid material-carrying rings for tool management

Technical Specifications:

- Max User Weight: 140 kg
- Size Range: Universal
- Useful Life: 15 years from manufacturing date

- CE Certified
- EN 361:1999
- EN 358:2002
