SAFETY GLASSES 580-V

Produkta kods: 580-V

- The 580-V green spectacles are designed to provide effective protection against the risk of impact from low-energy, high-velocity particles. They are capable of withstanding small flying debris, such as wood, metal, and plastic chips, as well as twigs and branches from gardening machinery. These goggles also offer excellent protection against solar radiation, shielding the wearer when exposed directly to sunlight. Thanks to their special design, limitations on the lateral field of vision are minimized. The optical class and lightweight construction ensure extended comfort, allowing the spectacles to be worn for long periods without discomfort.
- Scratch resistant polycarbonate for increased durability
- Protection against hazard of impact from high-speed and low energy particles
- Available in 3 different lens colors
- Spatula type temples for comfortable adjustment
- Ergonomic design
- Lightweight frame

- CE Certified
